

Sports Premium Funding: Planned 2025-2026

Allocation- £16,666

At The St Gilbert of Sempringham C of E Primary School we believe that all pupils should have the opportunity to engage in a range of different sporting activities, delivered to the highest standard. We aim to increase children's enjoyment, confidence and participation in sporting activities through improvement of skills and widened experiences. Linked to this, we aim to ensure that all of our children recognise that exercise and physical activity is an important part of wellbeing and that, as well as gaining physical skills, they develop their understanding of what it means to be healthy and how they can incorporate physical activity and make important lifestyle choices in order to be the very best versions of themselves. This in turn will impact upon mental health, motivation, self-regulation and will promote our school vision to sow seeds; grow together and reach high!

Primary PE and Sport Premium - Key Indicators

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer.
There are 5 key indicators that schools should expect to see improvement across:

- 1.** The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- 2.** The profile of PE and sport is raised across the school as a tool for whole-school improvement
- 3.** Increased confidence, knowledge and skills of all staff in teaching PE and sport
- 4.** Broader experience of a range of sports and activities offered to all pupils
- 5.** Increased participation in competitive sport
