

SCHOOL COUNCIL

Newsletter

October 2026

Welcome to our Newsletter!

We are so excited to launch this newsletter as a way to keep you fully up to date with everything we are doing to make our school an even better place. Through these regular updates, we will be sharing our latest projects, updates from our meetings, and how your ideas are being put into action.

We have a massive year ahead of us, and the School Council is going to be incredibly busy! We are already brainstorming some fantastic events, fundraising activities, and improvements across the school. Our main goal is to make sure every student has a voice, so please come and chat with your class representatives if you have any suggestions or brilliant ideas.

Introducing your School Council.....

We are absolutely thrilled to introduce ourselves as your new School Council for this year! We can't wait to represent your voices, listen to your ideas, and work hard to make our school an amazing place for everyone.

Here is our wonderful team:

- Year 6: Edith and Scarlett
- Year 5: Emily and Grace
- Red Squirrels: Rosie and Eliots
- Hedgehogs: Delilah and William

We are looking forward to listening to all of your brilliant suggestions, planning some incredible school events, and working together to make a huge difference for everyone in our school community this year!

Fundraising

This year, we have an exciting mission to raise money for three incredible causes: one for our school, one for a local charity, and one for a national charity!

We want everyone to have a say in where our fundraising efforts go, so we need your help. If you have an organisation or a school project you are passionate about, please talk to your class School Councillors and share your ideas with us.

Once we have collected everyone's brilliant suggestions, every single child in the school will get to vote to choose our final three causes!

Children in Need

Children in Need this year is on Friday 13th November and we have signed up to raise money for this fantastic cause by joining RunPudsey2026.

IN AID OF
BBC
CHILDREN
IN NEED

As a school, we will all be taking part so ask your parents or carers to keep an eye out for an email from school so you can sign up and raise money.

Everyone who registers online will receive a medal too!

Enterprise Project

We also want to announce our brand new School Council Enterprise Project!

An enterprise project means we are going to become young business owners. We will be working with our classes to design, create, and market our very own products or services, and then sell them to raise money! This is our chance to get creative, learn how to manage a budget, and work together to make something amazing. We will be using the profits to help fund the school, local, and national causes we all choose together.

Your class School Councillors will be sharing more details very soon about how your class can get started!

Keep an eye on the School Council Board (outside Badgers Classroom) for information about whats happening and when!
